Additional (in English):

I'm a student of Electronics. I have quite good computer skills which can be useful in every work. In my free time I like to do sport. I used to practise volleyball and martial arts for several years. Now, because of lack of time I just do sport for fun. Except that, I spend much time studying languages. Lately I'm trying to learn Portuguese and French (but I have still a long list of those I would like to learn!) I also give lessons of languages to children and adults. I really like doing it, especially when I see it bears fruit. From time to time I work as a babysitter too. Taking care of children gives me a lot of happiness and satisfaction.

What do you expect from your employer?

Respect, honesty and positive atmosphere at work

Can you describe yourself (personality)?

I am a very open and cheerful person. I am spontaneous and determined, I can't accept if my plan goes wrong, I always find a way to succeed. I like challenges.

I feel a need to be surrounded by other people, I like to make them laugh and have fun together. I'm also very talkative. I usually spend my time actively, doing sports or going out with friends. I'm curious about the World. I love travelling, meeting new people from different countries, learning about their cultures and studying languages.

Why should we choose you?

Because whatever I do, I give 100% and I ALWAYS SMILE :)
