**Dodatkowe informacje (po angielsku):**

I think I'm the right person to work in this position due to the specific direction of my studies (Education, specialization in Elementary Education and English), but not only because of that. We have a fairly extensive experience in organizing leisure time for children in the preschool age and older. Many times I had the opportunity to take part in the organization of thematic events such as ball for kids, children's birthday for the little ones, presenting a wide range of games and activities related to the theme of the event. Last year I was able to also carry out day camps for children in my home town, where the theme was "Plastic and movement", which is particularly suited to me because for many years I have been a little athlete athletic sports club for the past two years dealing with assisting in training and running each part of the program

**Jakie są Twoje wymagania względem Pracodawcy?**

I just want to earn some money, improve my language skills and get new experiences

**Jakie masz cechy charakteru i osobowości?**

I am a creative person and have experience working with children, I can easily come up with and organize interesting tasks in various fields of arts, sports and recreational fun. In recent times the practice took place in the facility where pre-school and keep widening the scope of their knowledge about children instantly enjoy leisure time and the safety of the games and activities. Willing to take new challenges, I am a young, energetic, conscientious and dutiful, well know English.

**Dlaczego mamy wybrać właśnie Ciebie?**

The chance to work abroad as an animator would allow me to improve my language skills and significantly increase my experience in working with children. This offer seemed to me to be very attractive because it is to work with children involves my future, simply referring good contact to them. I believe that I am adequately prepared to work in this position. I would like to see in this role and I will do my best to meet your requirements and expectations.
