**What do you expect from your employer?**

I expect to work in a stimulating environment which will enable me to use my creativity, develop as a person and gain experience in order to be able to become a better animator.

**Can you describe yourself (personality)?**

As an older sister I am naturally responsible and caring. I am fascinated with personal development and getting to know other cultures. What is more I love sharing my passion with others and dancing is my great passion. I would like to work as an animator because seeing that my work gives others joy, motivates me and makes me find even more energy to work. In addition, I enjoy interacting with people and inspiring them.

**Why should we choose you?**

I would make a perfect worker because I am a combination of both, an introvert and an extrovert. As an introvert, I have mastered the art of listening and making questions which will be especially useful when working with kids. What is more, as an introvert myself, I know how to encourage shy children to take part in animations and games. On the other hand, thanks to dance and drama studies I have opened myself up and learnt to befriend people easily.
